[BUGFIX][Cache] Wincache backend class constructor

The class constructor of wincache cache backend misses the first parameter \$context, so \$options is treated as \$context. Given backend options are not used this way, for example defaultLifetime has no effect.

The patch adds the missing constructor parameter to be in line with the other cache backends.

Change-Id: I488b9996d5ab65420f79b2cab4c75805ae89a77a

Resolves: #46768

Releases: 6.1, 6.0
