

Core - Bug # 22500

Status:	Closed	Priority:	Should have		
Author:	Jochen Rieger	Category:			
Created:	2010-04-22	Assigned To:	Christian Kuhn		
Updated:	2010-07-02	Due date:			
TYPO3 Version:	4.2				
PHP Version:	5.2				
Complexity:					
Is Regression:					
Sprint Focus:					
Subject:	No Message shown when accessing backend if TYPO3_CONF_VARS[BE][adminOnly] = -1				
Description					
<p>When closing the Backend via [BE][adminOnly] = -1, an empty white screen is shown without any message.</p> <p>This is confusing for editors and admins who don't know about the shutdown.</p> <p>Solution: Insert some explaining text (best case localized) in typo3/init.php</p> <p>In my mind this should be fixed in versions 4.2 and higher.</p> <p>(issue imported from #M14180)</p>
