[BUGFIX] SoftReferenceIndex support for more values in class attribute

The SoftReferenceIndex parses and rebuilds typolink tags, but the support for more than one value in class attribute is missing, because the values don't get enclosed with quotes on rebuilding.  
This leads to lost classes in typolinks in exports from impexp.

Resolves: #58484

Releases: 6.2, 6.1, 4.5
