Core - Bug # 25001

Status:	Closed	**Priority:**	Should have
Author:	Michiel Roos	**Category:**	
Created:	2011-02-11	**Assigned To:**	
Updated:	2013-07-11	**Due date:**	

TYPO3 Version:	4.5
PHP Version:	5.3
Complexity:	
Is Regression:	
Sprint Focus:	

Subject:	Usage of deprecated PHP < 5.3 function calls

Description

// checking for 'dl()'

typo3/sysext/adodb/adodb/adodb-pear.inc.php:365:   @dl($name . $dlext);

typo3/sysext/em/classes/parser/class.tx_em_parser_xmlabstractparser.php:77:   if (!((bool) ini_get('enable_dl') && !(bool) ini_get('safe_mode') && function_exists('dl') && dl($prefix . $this->requiredPHPExt . PHP_SHLIB_SUFFIX))) {

typo3/sysext/openid/lib/php-openid/Auth/OpenID/BigMath.php:380:   if (@dl($module . "." . PHP_SHLIB_SUFFIX)) {

typo3/sysext/openid/lib/php-openid/Auth/Yadis/XML.php:352:   if (@dl($libname)) {

// checking for 'set_magic_quotes_runtime()'

typo3/contrib/swiftmailer/classes/Swift/ByteStream/FileByteStream.php:82:   set_magic_quotes_runtime(0);

typo3/contrib/swiftmailer/classes/Swift/ByteStream/FileByteStream.php:87:   set_magic_quotes_runtime(1);

typo3/contrib/swiftmailer/classes/Swift/KeyCache/DiskKeyCache.php:174:   set_magic_quotes_runtime(0);

typo3/contrib/swiftmailer/classes/Swift/KeyCache/DiskKeyCache.php:183:   set_magic_quotes_runtime(1);

typo3/contrib/swiftmailer/classes/Swift/KeyCache/DiskKeyCache.php:202:   set_magic_quotes_runtime(0);

typo3/contrib/swiftmailer/classes/Swift/KeyCache/DiskKeyCache.php:210:   set_magic_quotes_runtime(1);

The test script also gives false positives. It finds 'split()' in pieces of JS inside PHP files for example.

(issue imported from #M17542)

History

#1 - 2011-02-11 08:33 - Michiel Roos

Also the following deprecateded ini directives are used:

// checking for 'magic_quotes_runtime()'

typo3/sysext/adodb/adodb/adodb-xmlschema.inc.php:1307:   ini_set("magic_quotes_runtime", 0);

typo3/sysext/adodb/adodb/adodb-xmlschema.inc.php:2197:   ini_set("magic_quotes_runtime", $this->mgq);

typo3/sysext/adodb/adodb/adodb-xmlschema03.inc.php:1412:   ini_set("magic_quotes_runtime", 0);

typo3/sysext/adodb/adodb/adodb-xmlschema03.inc.php:2378:   ini_set("magic_quotes_runtime", $this->mgq);

#2 - 2011-12-27 19:53 - Steffen Gebert

- Status changed from New to Rejected

- Target version deleted (0)

that's all part of 3rd-party libraries. not our business..

#3 - 2012-01-02 14:04 - Ingo Renner

- Status changed from Rejected to Accepted

It very well is our business since we use those libraries. The solution for this issue would be to update to newer versions of the libraries or to at least file issues in their bug tracking systems.

#4 - 2013-07-07 12:22 - Markus Klein

- Status changed from Accepted to Needs Feedback

Is this still an issue today? Swiftmailer was updated.

#5 - 2013-07-08 09:35 - Michiel Roos

// checking for 'set_magic_quotes_runtime()'

classes/Swift/ByteStream/FileByteStream.php:82:   set_magic_quotes_runtime(0);

classes/Swift/ByteStream/FileByteStream.php:87:   set_magic_quotes_runtime(1);

classes/Swift/KeyCache/DiskKeyCache.php:174:   set_magic_quotes_runtime(0);

classes/Swift/KeyCache/DiskKeyCache.php:183:   set_magic_quotes_runtime(1);

classes/Swift/KeyCache/DiskKeyCache.php:202:   set_magic_quotes_runtime(0);

classes/Swift/KeyCache/DiskKeyCache.php:210:   set_magic_quotes_runtime(1);

These are harmless calls since they will only be called if $this->_quotes is true.

$this->_quotes is set by http://nl1.php.net/get_magic_quotes_runtime which will always return false in the current PHP version.

Please close this issue.
